Re: **298 CPU Drawer**

The Model 298 was introduced in the late 1990s and has been a robust solution for monitoring manufacturing processes for many years. However, as a result of the discontinuation of components used in the manufacture of the 298 CPU Drawer and the increasing costs of maintaining the legacy technology, Sciometric is discontinuing the 298 CPU drawer. The intent of this notice is to inform our valued customers of the discontinuation and extend an opportunity for the last buy to meet your requirements.

### Key Dates

Product Discontinuation Notice	March 28, 2014
Last Time Buy (date for last order acceptance)	<b>September 15, 2014 or while supplies last</b>
Warranty Support until	<b>As per Terms and Conditions or while supplies last</b>
Service and Repair Support until	<b>December 1, 2015 or while supplies last</b>

Customer service is a Sciometric priority. Please note that while Sciometric will endeavor to continue supporting legacy systems beyond the dates noted above, this support cannot be guaranteed.
