Re: **InspeXion 7.x**

Sciemetric is discontinuing the general availability of InspeXion 7.x test software for the System 300 and sigPOD product families, as a result from the obsolescence of Microsoft Windows 7/XP operating systems. The intent of this notice is to inform our valued customers of the discontinuation and alternative products to meet your requirements.

Customers may, at their discretion, choose to purchase and migrate to the latest, fully supported version of the test software which is InspeXion 8. Please note that older Sciemetric systems may not be able to support the new version without a system upgrade or replacement, and application software will also require upgrading.

Key Dates

Product Discontinuation Notice	**December 18, 2020**
Last Time Buy	**March 31, 2021**
Warranty / Technical Support until	**As per Terms and Conditions***

* Customer service is a Sciemetric priority. Please note that while Sciemetric will endeavor to continue supporting legacy systems beyond the dates noted above, this support will be provided on a best-efforts basis.
